

StonAid Capsules

To Flush out Kidney Stone

Direction for use:

1-2 Capsules 2 times a day for 1 month or as directed by the physician.

Storage condition:

To be stored at room temperature in a cool and dry place, keep away from direct sunlight.

Precaution:

Tighten the container after use.

Keep out of reach of children.

Do not use if seal is broken.

Consult your physician/healthcare professional if you are pregnant or a nursing mother.

Note:

As per international safety standards, this product is tested for heavy metals, steroids and pesticides.
No Preservatives added.

Tips to prevent kidney stone:

- Drink water throughout the day, at least 3-4 liters per day.
- Avoid stone-forming foods: Beets, chocolate, spinach, rhubarb, tea, and most nuts are rich in oxalate, and colas are rich in phosphate, both of which can contribute to kidney stones.
- Choose a diet low in salt and animal protein.
- Avoid calcium rich foods like milk and its derivatives as well as calcium supplements.
